Ms. Susan Brenner
Wycliffe Charities Foundation
4650 Wycliffe Country Club Blvd.
Wellington, FL 33449

Dear Ms. Brenner: *SUSAN*

On behalf of our Board of Trustees, staff, and most importantly the children and families served by Quantum House, I extend heartfelt appreciation for your steadfast support through Wycliffe Charities Foundation. I am pleased to share this final report, which highlights the remarkable impact of your generosity and the difference you have made for those facing medical crises in our community.

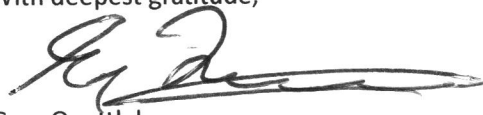

Wycliffe Charities has helped sustain Quantum House, the only pediatric healthcare hospitality house between Orlando and Miami. Located in Palm Beach County, Quantum House is a sanctuary for families whose children require specialized medical care. We offer vital relief by providing affordable lodging, access to nourishing meals, essential household items, and a compassionate, supportive environment during challenging times.

Thanks to Wycliffe Charities' commitment, Quantum House was able to maintain uninterrupted care for vulnerable families, keeping them close to their critically ill children without adding financial stress. This support enabled us to operate at full capacity and uphold our promise never to pass on additional costs to families in need. In the past year, your grant helped provide over 10,000 nights of comfort to 1,300 family members, ensuring warm beds, nutritious meals, and a home-like atmosphere when it was needed most.

Wycliffe Charities' generosity made it possible for us to waive the suggested \$45-per-night contribution for families unable to pay, fully sponsoring their accommodations and meals. In doing so, Wycliffe Charities ensured that families could remain together in a nurturing setting and find strength and hope in a time of crisis.

Thank you for allowing Quantum House to welcome families with open and compassionate arms. Wycliffe Charities' support has truly alleviated hardship and brought hope to those who need it most.

With deepest gratitude,

Greg Quattlebaum
President and CEO
